Overall looks good... Few items for correction:

On page 12, there is a note that says "ask Tia" under the OK Cancer Control Network that needs to be removed.

On page 18 at very bottom... Young Survival Coalition needs to be moved down to page 19.

On page 19 let's keep "Ft. Sill" on same line... Ostomy Support Group of Lawton – Ft. / Sill, OK

On pages 40-41, Norman Regional Hospital's URL is split across pages.

On page 43, United Way's info is split between columns with the URL at the top of the second one and not with the rest of their information.
